The thefts are  
Investigated

Sunday night building material  
valued between \$300.00 and  
\$350.00 was taken from the  
Breville Baptist Church near  
Flat Top. The materials con-  
sisted of 30 sheets of one-half  
inch plywood; seven squares of  
self sealing shingles and four  
rolls of felt roofing.

Monday morning after the  
theft was discovered Deputy  
Sheriff Alton Lumpkin was called  
to aid Beat 2 Constable Jun-  
ior Bryson in the investigation.

The two officers after a  
thorough investigation arrested  
Johnny Edge charging him with  
grand larceny.

The suspect was arraigned  
before Beat 2 Justice of the  
Peace Jud McQuon and re-  
leased under a \$500.00 bond.

**Election**  
Saturday

Two candidates have qual-  
ified for a seat on the Bay St.  
Louis Municipal Separate  
School District, according to  
Board Attorney Sam Favro.  
They are Paul Honby, incum-  
bent, and Tommy Kirk, both of  
Waveland.

Election will take place  
on March 7, Saturday afternoon  
between the hours of 10:00 a.m.  
and 5 p.m. in the Bay St. Louis  
High School Building. Those who  
may vote are qualified voters  
from Waveland, Edentonville  
and Arlington, as well as Bay  
St. Louis residents living out-  
side the corporation limits of  
Bay St. Louis, according to  
Attorney Favro.

Those present at the time  
the polling station is opened will  
elect a chairman and secretary  
to conduct the election. Presi-  
dent of the School Board is Robert  
Hamilton and members  
assigned to serve include Bill  
Brodhead, Howard Adam and  
Frank White. The candidate  
to be elected on Saturday is to  
serve a five year term. To  
qualify as a candidate application  
is circulated and when signed  
by not less than 25 qualified  
voters, the name is added to the  
list of candidates.

**EDUCATION**  
Department of the Hancock County  
School District is conducting a sur-  
vey to ascertain the number of  
adults, sixteen years old or  
over, residing in the Hancock  
County School District who have  
not attained an eighth level of  
formal education and who would  
be interested in continuing their  
education. Adults, sixteen years  
old or over, residing in the Hancock  
County School District who have  
not attained an eighth level of  
formal education and who would  
be interested in continuing their  
education, should complete  
the survey and return it to  
last week by Eugene E. Leander,  
County Superintendent of Edu-  
cation.

Leander said, "It is a sufficient  
number of adults indicate an  
interest in Adult Basic Edu-  
cation, the Hancock County Pub-  
lic Schools are prepared to  
negotiate with the Federal Gov-  
ernment and the Mississippi  
Department of Education for  
funds to conduct such educational  
classes."

When the program is  
set up, Leander continued, there  
will be no cost to the student in  
the form of tuition, instructional  
materials, books, or other fees.

## Garbage Charges To Be Imposed By City

An ordinance signed by  
Mayor Warren Corcoran and  
Commissioner W. M. Fratico  
and imposing a charge of  
\$1.00 per month for residence  
for collection of city garbage  
will go into effect on April 1,  
and the charge for this service  
will be added to monthly utility  
bills. Payments for this service  
are expected within ten days  
from date of billing, and the  
city ordinance provides a discontinuance  
of service clause for those delinquent in making  
payments. Services provided by the municipal system  
includes water, gas, sewerage and  
garbage collection.

The charge for garbage collection  
were voted against by Commissioner Andro Are-  
neau, however, the voters of others on the City Council were  
sufficient to put the measure into effect.

place of the Mississippi Coast."

Already \$70,000 in matching funds has been allocated to the project by BOR. The announcement of this award-making came last July by Congressman William Colmer in Washington. The money has been earmarked for land acquisition. Party located on 10th section lands, the park will ultimately take in 370 acres through federal process and the development of 100 acres.

As authors mentioned, the work of the project will be under direction of the county supervisors who are handling the matter in their role of county park commissioners.

A recently conducted study, survey of potential high-traffic areas to be used between the county road system and the county park land, shows a total area of nearly a quarter of a million acres, now with local park facilities.

Based on 10 percent occupancy for 100 days a year, 100 acres, all rented at \$8 per day, would produce \$64,000, and the balance of the time, estimated at 15 percent occupancy, the camp office would bring in a further \$33,900,75, the report estimated.

Swimming pool income is cited at \$10,000, based on a 100 day season at an average of \$100 persons per day at 50 cents a head. Fishing should result in a further \$37,500 being dropped into the kitty. This total arrived at by multiplying an estimated average of 200 days by 150 people by 150 each.

Marina rentals will bring in the highest sum, according to the survey. Based on a 20 percent occupancy of 320 slips at an average of \$20 per month per slip, the bank should handle deposit slips marked to the tune of \$112,320 per annum. A further 52 slip rentals at \$8 per day for 200 days could result in additional \$31,200 being realized.

In totaling these figures the report finishes. Comprehensive Total Income, \$301,130.25; less cost of Administration and Maintenance, \$205,000; for balance of \$96,130.25. Extrapolated yearly income from concessions, (fuel, ice, food, etc.), is given as \$80,000. This leaves an expected yearly profit of \$20,130.25.

The report concludes by stating, "Besides the above, statistics show that the average family spends an additional \$24 per day for food, fuel, entertainment, clothing, etc.

"This park should pull approximately \$100 per day furniture per day into the park on an average, which would pump the local economy by approximately \$1,000,000 per year in addition to state-wide operational profit."

Medlin was appointed as director, Municipal Park System in May, 1960.

Born and reared in Tipton-  
hatchie County, Miss., he is a graduate of Northeast Mississippi  
Junior College, and a member of the Southwest Sym-  
phony Club, past member of  
Capital Civilian Club; member of  
Southwest Improvement Assn.; and board member of  
various fund-raising campaigns.

A carrier pilot, Medlin  
served in the United States Air  
Force from 1951 to 1956, per-  
forming as Captain of Transport  
Instructors with Air Transport  
Command.

Entering private business  
in Jackson in 1956 he was the  
president of Young Men's, Inc.,  
and Diamond Turfgrass Mart.

Marcus to the former Mar-  
garet Shuster, he is the father  
of two children. He is an active  
member of Gilmore Memorial  
Methodist Church; member of  
Board of Directors, president of  
the Men's Club, past presi-  
dent of Young Adult Sunday  
School Class; chairman of Boy

Finance of Jackson.

## Education...

(Cont. from Page 1-A)

Attendance will be voluntary  
and classes will meet two nights  
a week for three hours at each  
meeting.

"Instruction will be fitted to  
the needs of the adult on three  
levels: Level 1, No education  
through the third grade; Level  
2, fourth grade through the sixth  
grade and Level 3, preparation  
for grade seven and eighth."

Adults interested in the pro-  
gram should obtain an applica-  
tion from Mrs. G. G. Hollings-  
worth, W. A. Kirkham, Principal,  
Hancock North Central; Oran  
Seal, Principal, Gulfport or  
E. E. Brooker, Principal, Char-  
ton B. Murphy.

The completed applications  
must be returned to her before  
March 15, 1970, to insure that  
seats can be obtained this year,  
school officials said.

Taylor Bayton, Educational  
Consultant, pointed out that  
"after completing the eighth  
grade in Adult Education the  
student will receive an eighth  
grade certificate regardless of  
age."

"Bayton also said the adult  
education system worked well  
all over the nation and com-

It would be quite a propagandistic  
step forward for Hancock  
County to offer the courses,"

**County Library  
SORS 3 Contests**

Three contests will be sponsored by the City-County Public Library in observation of National Library Week, according to information received from Mrs. E. E. Ludwick, Jr., who serves as project chairwoman for the library.

These contests are designed for all school age groups.

Poetry Contest planned for Elementary Grades 1 through 6; A Book Mark Design for Junior High School Grades 7 through 9; and an Essay Contest for High School Grades 10 through 12. The essay topic is "Why Books Are My Friends".

Contestants are asked to submit work in for judging no later than April 3. Ribbons will be awarded the winners on April 14, at the City-County Public Library. National Library Week will be observed April 12 through 18, and winning poets, marks, and themes will be exhibited in the library at that

Richard Roe of the Bureau of Commercial Fisheries in Pascagoula will be guest speaker at the City-County Public Library at 8:00 p.m. on March 19. The public is invited to attend this meeting and Mr. Roe's talk will center about the work done by the Department of Wild Life & Fisheries pointing out accomplishments made in applied research programs and including new and more efficient techniques now developed for commercial fishermen on the Mississippi Gulf Coast. The speech will be illustrated with colored slides.

**BROWN AROUND TOWN**

By Jim Brown, News Editor  
Last Friday and Saturday nights, St. Stanislaus High School presented "Oliver", a musical by Lionel Bart, and though it had tickets and good intentions, the students presented me from attending. I understood the performances were stunning. The cast consisted entirely of high school students from St. Stanislaus and Bay High.

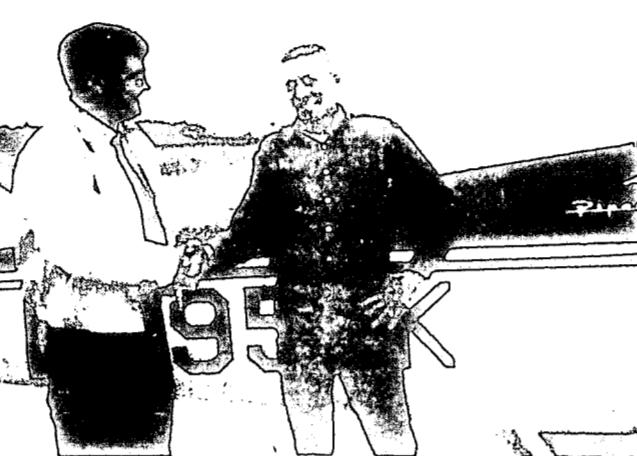

I was able to attend "It Llisa It Is", the week before, and must say I am very impressed. The folk-rock, contemporary musical, was performed by college students of Brookhaven, from the local Baptist Choir up there. My notes, substantiated by a page torn from director Harry Thompson's rehearsal notes, include such things as "Check God Out", "It's Our Turn At Bat", and "Please Stop Talking About The Good Old Days."

The students sang with inspirational feeling, and the deep satisfaction in their eyes contrasted so vividly with the profound searching I have seen at rock festivals and peace marches. They talked about God, about love as surrender, a new mind, but it didn't sound as I expected it to sound. There was a sincerity there I've never seen before. And when it was all over, they all pitched in to help pack up, when I would have long disappeared. These young people seemed also to be more purposeful in their crusade than an "Up With People" concert I covered two years ago.

A few friends from New Orleans were visiting here in town this week. They were interested in the recent five-million dollar lawsuit by Clay Shaw against District Attorney Jim Garrison. I can honestly say, having worked as a consultant in his office for three months, and having covered some of the early hearings, that Garrison did have a solid case for conspiracy when he began. Two publishers have recently sent me copies of books which propose plausible theories. Clarkson-Potter, Inc., sent me THE GARRISON CASE: A Study In The Abuse Of Power, by Milton Brener, a New Orleans attorney who knew Garrison. His theory is simply that the D. A. was "stark-raving mad", and contrived evidence to fit an elaborate scheme. The other, RED FRIDAY, by Carlos Bringuier, published by Charles Hallberg, is by a man who knew Oswald while he lived in New Orleans. Bringuier, a former Cuban official, believes Garrison was misdirected by such theorists as Mark Lane and Harold Weisberg, whom he claims are communist-inspired. Life magazine in February, 1964, originally quoted Bringuier as rejecting Oswald's help because "I thought he might be an agent from the F.B.I. or C.I.A. to see what we were up to".

One witness whom Brener names that might have told

HEATH'S FLYING SERVICE, INC. is becoming known all over the State of Mississippi for their effort in promoting aviation in Hancock County. **Waveland Legion Elects Officers**

Congratulations are now in order for the recently formed American Legion Post No. 77 of Waveland. Last week this newest American Legion Post in Mississippi elected its first slate of officers which are: Commander; Louis, Commander; Claude Tracy, 1st Vice-Commander; Wiley Price, 2nd Vice-Commander; Billie Sodino, Post Service Officer; James Lazzaro, Chaplain; John Blasius, Judge Advocate; Ed Creditt, Adjutant; Donald Ray, Historian; Roy McMurry, Finance Officer; and Ronald Ferrell, Sgt.-At-Arms.

The American Legion State Commander and State Adjutant were in Waveland last week for

conferences with the new Post Commander and Adjutant relative to the installation of officers and other matters for a new post to consider.

Post No. 77 will meet tomorrow evening at the Waveland Fire Station. All veterans, especially women veterans are invited to join this post.

Meetings will be held the first Friday of each month and for the time being will be in the Waveland Fire Station.

This post has been offered a parcel of land on which to build a home but at this time funds are not available. Presently, the post is concentrating on getting flags and furniture needed.

Follow a routine. First, wash and prime the editor before milling to get first batch of milk and complete milling. Second, dip teats in an antibiotic solution after the milking is taken off the cows.

Third, keep milling equipment clean and to clean in all phases of the milking operation. Fourth, remove the milking machine as soon as milk flow stops. Fifth, have milking equipment checked regularly by a reliable service man using a milking machine analysis test. Sixth, check every cow once a month and treat any infected quarters under supervision of a veterinarian.

SOYBEAN HERBICIDES  
While most soybean growers prefer to broadcast preplant herbicides, with today's equipment it is almost as easy to use band application. Since cultivation of the middles is usually necessary, banding of preplant herbicides can save 50 percent or more on cost of the chemicals, and with equally good results.

When banding, try to leave the desired height after incorporation of the herbicides.

STRAWBERRY PLANTING  
March is a good time to plant strawberries. First, make sure that you plant a recommended variety.

Be sure to prepare the soil and apply 5 to 10 pounds of a fertilizer like 6-0-0 or its equivalent to each 100 feet of row. Set plants 10 inches apart on four to five foot rows. Be sure that your plants are certified virus free.

Pick blooms off the first season so that a strong mother plant with many runners will develop.

For established strawberries, apply captain to control fruit and leaf diseases. Begin application at bloom time and continue at seven to 10-day intervals.

**MASTITIS CONTROL**

Economic losses to dairy farmers amount to an average of \$25 to \$30 per cow due to mastitis and high leucocyte count in the milk.

There is no simple solution to controlling mastitis in a dairy herd, but it can be reduced and kept under control.

This total program involves correct milking, proper sanitation and proper functioning of the milking machine, along with identification of the bacteria causing the infection and treatment as needed.

Follow a routine. First, wash and prime the editor before milling to get first batch of milk and complete milling. Second, dip teats in an antibiotic solution after the milking is taken off the cows.

Third, keep milking equipment clean and to clean in all phases of the milking operation. Fourth, remove the milking machine as soon as milk flow stops. Fifth, have milking equipment checked regularly by a reliable service man using a milking machine analysis test. ## Scores Smash Hit In Bay

By Linda de Montluzin

Students from the Bay Senior High and St. Stanislaus' musical "Oliver" had a smashing hit last weekend. It was a sell-out at the Rosenthal Gym. The cast and crew of the musical "Oliver" were all from the Bay Senior High and St. Stanislaus' students. The musical "Oliver" was directed by Mr. and Mrs. Richard Smith and the musical director was Mrs. Carol Martin. The cast included Dennis Carver, Maureen Stamm, Beth and Terri Monti, Jan Strahan, John Lupo, Wayne Ducom, Mike Ostrick, Victor Franckiewicz, John Wallin, Richard Smith, Kiri Kalmar, and Bill Harrel. The chorus was made up of Dana White, Carol Martin, Susan Aguzin, Franja Franckiewicz, Nancy Milbo, Debbie Maufray, Mary Milbo, and Ezzel Pierns.

Outstanding too were the London settings, created entirely by students Stephen Laurent, Perry Martin, Holly James, Gerard Wayman, and Jules Lagarde. Dan Rosenthal and Robert Welsh acted as stage managers for the complicated production, and Brother Melvin was in charge of set construction. Technical director was Brother Carl, lights and sound effects were in charge of Brother John Garst. Brother William McCue took care of ticket sales, and Brother Aquila Gauthier was business manager.

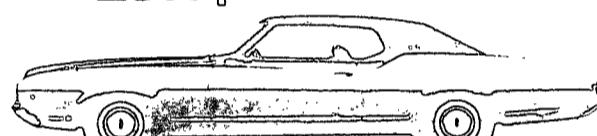

By way of a final personal comment, this reviewer had seen "OLIVER" on a London

stage with an all-English cast and was astonished to compare the two performances and find the local one winning honors in almost every category. To the boys and girls involved, the success of their play was tremendously rewarding, and many said, "Besides, we really had fun... and we made lots of friends! It was all wonderful!" And this, to the adults involved, was no doubt the greatest reward of all.

## J.A. Evans Honored Friday

Mr. Evans will be at the First Baptist Church with a large number of people in attendance. Rev. Dr. Evans, a speaker and found a receptive audience for his sermon, which was both funny and filled with words from his pastor, Rev. Berthold, called on the Rev. Wheat for the invocation. The supper David McDonald tribute to Mrs. Evans will be moving to Treco, a Methodist Retirement Home at Tupelo, Miss., this month. He spoke of the influence of Dr. and Mrs. Evans, Mrs. C. H. Shipp, Mr. Alexander Allison on young people who grew up in the thirties.

He presented her with an engraved silver tray to members. Mrs. Evans

First Pentecostal Church of Waveland, located on the Old Spanish Trail, one block East of Nicholson Avenue, is holding a week of Revival meetings which started Sunday, March 1st at 7:30 p.m., running thru March 7th. Grand Rupert Matheson will be assisted by a guest gospel Brother Blackburn Layman. Everyone is invited.

Last weekend, Mr. and Mrs. Carl Johnston and daughter Kayla of the Lakeshore Road, rode to Andalusia, Alabama, visit Mr. Johnston's parents, Mr. and Mrs. Joseph Egan. Mrs. Egan has been improving, but Mr. Egan was admitted to the Andalusia hospital in serious condition from flu.

Carl Johnston employed on the Chevron Oil Co. oil rig off Grand Isle, Louisiana, is in town enjoying a 2 weeks vacation.

Congratulatory Nolan Kington is to be congratulated on starting his 10th year as manager of the Blackman Car Co. on Highway 90 near the Lakeshore Road. Located within the Waveland City limits, Blackman's has recently opened a spacious new room, replacing the one destroyed. Such name brands as Maytag, Magic Chef, O'Keefe and Merritt, Atlanta and Doerborn are stocked. Mrs. Frank

never rains, but it pours, seems that Mrs. Edna Dubois' fortunes all came in once the Mardi Gras Day parades in Waveland, she was on float 2. Before the parade was over she fell on the first brazier right arm. On Feb. 10th (which was Mrs. Dubois' 65th birthday) she was finding the pilot light on her and before she knew it

she was covered with flames. Her good left arm and body badly burned, making it necessary to be hospitalized. She is at home now at 203 Marcus Drive and wishes to thank everyone for the cards and flowers, and the ladies of the Presbyterian Church of Bay St. Louis for taking turns in helping her at home. Also thanks to the ladies of the Veterans of World War one and Veterans of Foreign Wars Ammunition. In Mrs. Dubois own words "I did not know I had so many friends."

Carl Johnston employed on the Chevron Oil Co. oil rig off Grand Isle, Louisiana, is in town enjoying a 2 weeks vacation.

Blanton and Mrs. Eddie Williams run the office, Eddie Williams Jr. (in his 6th year) is room man, assisted by Eddie Deacon and Tony Burch. Thomas Pavolini is service man. All trucks are equipped with 2-way radios, so orders can be filled rapidly.

This past Tuesday Miss Kay Dahlia Johnston and her mother, Mrs. Fred Johnston went to Jackson, Miss., where Kay was given one of her regular checkups in the Cystic Fibrosis Clinic at University Hospital Medical Center. Kay Dahlia has had Cystic Fibrosis since birth. She is now 11 years of age and attends school regularly. Thanks to donations for research about this little known disease, children live longer, and lead active, normal lives. Mrs. George Lushie accompanied the Johnstons to Jackson.

We wish to correct an error in last week's notes. Mrs. Oliver is last name of Mrs. Oliver not the Pahlmanns.

Happy birthday wishes go out to Mrs. Bortha Lushie who cele-

brated her 70th birthday on Feb. 26. Miss Evelyn Stapleton returned to New Orleans late Sunday evening after visiting her father Ruth LaFontaine and Mrs. Floyd Green, Miss. Lynn Green and Mr. and Mrs. Charles "Mammy" LaFontaine (retired from Lakeshore).

My brother and sister-in-law Mr. and Mrs. Hugh Barr, Mr. and Mrs. Michael Shives and sons, Mrs. Floyd Green, Miss. Lynn Green and Mr. and Mrs. Charles "Mammy" LaFontaine (retired from Lakeshore).

My brother and sister-in-law Mr. and Mrs. L. V. Grichard visited us Saturday to work on over to Mrs. Curdine to see our sister, Mrs. Myrtle Hurlburt who resides at The Miramar Village.

Waveland Town marshal to all smiles as he reports another week of non-violence for Waveland.

Miss Debbie LaFontaine returned from Hurt, Virginia Friday to attend the wedding of her father. Debbie will remain at home and go to North Central High, Saturday night Debbie and two school friends, Mary Green and Mr. and Mrs. G. Garcia, Mrs. Leontine Bollo, Miss Gloria Bollo, Mr. and Mrs. George Pahlmann, Mrs. Maria Bryant and Mr. and Mrs. Matthew Asher, Mrs. Evelyn Stapleton came

over from New Orleans and Mr. and Mrs. Hugh Barr, Mr. and Mrs. Michael Shives and sons, Mrs. Floyd Green, Miss. Lynn Green and Mr. and Mrs. Charles "Mammy" LaFontaine (retired from Lakeshore).

## Mayor Attends Conference

Mayor Warren G. Carver attended a conference held at the University of Mississippi on March 4-6 entitled Grandmaship for Recreation. Robert D. Church, director of the endeavor, extended invitations to civic minded citizens throughout the State. There was an exchange of ideas on city beautification programs and large recreational parks.

Mayor Carver has long recognized the need for recreational facilities in Bay St. Louis and attended the conference in hopes of learning how applicable.

## Test Firing Delayed

Test firing of a second stage of the Apollo/Saturn V launch vehicle (B-11-12), scheduled for yesterday afternoon, was terminated approximately three seconds into the test. Investigations indicate a main oxidizer valve on one of the five engines was too slow in opening, causing an improper starting sequence. An engine monitoring system detected the fuel and oxygen initiated automatic cutoff of all engines. Valve replacement operations are now underway and the test firing was rescheduled for Wednesday, March 4.

The B-11-12 will be employed in the Apollo 17 lunar landing mission programmed for 1972.

Vehicles Collide  
At Intersection

The intersection of Highway 20 and 608 in Waveland was the scene of a two-vehicle wreck about 1:45 o'clock Friday afternoon when an east bound station wagon traveling east on 608 collided with a travel trailer pulled by a southbound pickup truck on 608. Apparently both vehicles were attempting to clear the intersection on amber lights.

Walter D. Yost, Silver Lake, Indiana, was the driver of the station wagon which was demolished. The pickup truck driven by Ralph McCor of El Granada, California, was not damaged while the trailer pulled by the pickup was a total wreck.

According to Deputy Sheriff Alton Lumpkin who investigated the accident, Moore driving the pickup truck was attempting to continue south at about 65 miles per hour while Yost attempted to continue east at approximately 65 miles per hour.

Both drivers were charged with careless driving by Lumpkin, and in the Justice of the Peace Court of Judge Neilus C. Rhodes were fined \$10.00 each.

Mrs. Sarah Schinley of Columbus City, Indiana, a passenger in the station wagon was treated at Hancock General Hospital for head injuries and released. No injuries were received by other passengers or drivers.

standing contributions by members of the General Electric Co. Management and Technical Services Department (GE-MTSO) have earned their membership in the exclusive One-in-a-Thousand Club of the GE Space Division.

Mr. M. Cox, Jr., legal counsel and manager of Missis- sippi Development Programs; Holter, manager of pro- gram control, and Paul V. V. Vengroff, engineering manager of GE-MTSO were invited at a banquet and ceremony in Philadelphia, Pa. Feb. 28. They were presented by R. Picard, general manager of GE-MTSO and himself a member of the One-in-a- Thousand Club. Installation was made by J. Fink, GE vice president and general manager of Space Division. Wives of three honored men were present as guests of Mr. Picard, a resident of Waveland, who won the distinction for intensive organizational and government efforts in support Hancock County, the town of Waveland and the city of Bay St. Louis, immediately after their installation last August by Hurricane Camille and for months after. Mr. Cox was also responsible for establishing and leading municipal support teams in those communities and in Christian and Long Beach, for his continuous work with municipal, county, state and federal agencies in aiding their recovery and redevelopment.

Mr. Holter, a resident of Bay St. Louis, was nominated and selected for exceptional performance last summer as GE field engineer for the BOMEX program, a multi-agency scientific effort in the Atlantic Ocean Barbados which investigated air-sea interfaces and energy transfer as related to wave formation and other ocean phenomena. Mr. Holter was also cited for leadership in GE municipal support which rendered major assistance to the administration and citizens of Waveland after onslaught of Hurricane Camille. This included procurement of medical, food and water, arrangements for temporary housing and schools, removal of municipal facilities and utilities, operation of agency communications, negotiations for emergency supplies, and aid in the reestablishment of the town's municipal functions.

Mr. Vengroff, also of Bay St. Louis, honored for his outstanding services with each of General Electric teams supporting Mississippi Gulf Coast communities after Camille, Mr. Vengroff, a civil engineer, has been involved in aiding the county and cities of the areas in recovery and damage assessments and in their determination of resources for public buildings, revised building codes and criteria. His work toward obtaining recovery funds from federal and state agencies and his national contributions to the Jackson Ridge Project plan for Hancock County was also cited.

Mr. Holter and Vengroff are ninth, eleventh and twelfth members of the local GE department to be elected to One-in-a-Thousand Club.

**Local Bank Manager  
Red Cross Chairman**

Robert Sayle was recently elected to the chairmanship of the Hancock County Red Cross. At a meeting of that organization a need was pointed out for additional volunteers to serve in Disaster Shelters. Dava McDonald is chairman of the Disaster Committee. Volunteers received special training and in times of distress are sent to posts throughout the county to serve those in need of assistance.

Mr. Sayle is the Assistant Vice President and Branch Manager of the Bay St. Louis branch of Gulf National Bank. He was graduated from St. Stanislaus and Mississippi State University. He is married to the former Johns Wagner of Bay St. Louis. The Sayle's have two children.

In discussing his work with the Red Cross, Chairman Sayle said: "I am glad to be a part of this program. We do have some plans for early Spring. A class will be conducted for swimming

**Gulf Coast Retired Persons Club  
Has Meeting To Discuss Plans**

Nearly 100 members of the Gulf Coast Chapter of the American Association of Retired Persons met at the Mississippi Power Company Auditorium Monday February 10th visitors were introduced and six new members welcomed.

Mr. Charles Subland, Program Chairman, indicated Mr. A. T. Stevenson, Vice President of the national organization from St. Petersburg, Florida, who spoke on the various group plans of hospitalization, health, automobile and other insurance coverage available to the members, explained the soundness & comprehensiveness of the coverages. He noted that the association drug stores now have instructors, and swimming and life-saving lessons will be taught this summer. Mrs. Fred Wagner is chairman for this program, and the swimming pool at St. Stanislaus will be used for these lessons.

over 5,000 prescriptions daily. There are now over 850,000 members insured thru the association. Mr. Stevenson especially recommended that everyone take the defensive driving course.

# KANTCHA KETCHUM

is getting better for bass and perch as were caught while being caught mostly. The water in local and in Pearl River and over in Louisiana are clear. A few speckles are caught here and there only a few. Salt fishing should improve because trout fishing will be when the fish come in summer.

ember when fishing East Pearl River you will have to make a day license. They can be had at Roy Baxter's in Porterville. There are 3-day licenses. A 7-day license cost \$8.25 good for both banks of River but not good in Mississippi. These licenses are for visitors or vacationing in the Louisiana.

Baxter's camp on Camp Bayou is improving and will be from now on.

Baxter's camp on Camp Bayou is open to fishers in Mississippi and it is good for both banks of the River. They are in perfect condition. Fishermen can rent boats, launch their motors, etc.

Francisco's camp on Camp Bayou is open to fishers in Mississippi and it is good for both banks of the River. They are in perfect condition. Fishermen can rent boats, launch their motors, etc.

There are all kinds of sports. Tennis is one and we have a number of tennis players hereabouts. An interesting number of sets were played over the weekend on the Bay High Tennis Courts. Jim Elliott and Walt Congdon defeated M. L. Agnew and E. K. Stacey. Los Clark and Virginia Wagner beat Bud Phillips and Wm. Barrentine. Agnew and Stacey upset Phillips and Barrentine while Clark and Wagner split sets with Elliott and Congdon. Darkness ended the tournament. Tennis is a great sport. Gives all exercise and lots of fun. Try it.

When wishing to fish in other places was informed that crappie are biting at their best right now at the Rose Barnett Reservoir at Jackson, Miss.

Sonias Hoda is planning a visit to Patahatchie, Miss., with his friend John Smith. Hoda said crappie fishing is great this time of the year in that section of the state. It is worth a trip anywhere if fish can be caught.

Harry Roman and his step-son made a trip to Red Gap in the central part of the state. Crappie are being caught there now. Harry stated they also killed a number of quail during the season.

Was with regret we heard of the death of Edward A. Haggerty, Sr., of New Orleans. Mr. Haggerty was Clerk of Courts for 50 years. He and his late wife visited Bay St. Louis for many years, having many friends here. Mr. Haggerty was the father-in-law of the former June Elliott resident of the Bay.

Sympathy is extended to the family.

Pat Griffin leaves on March

is completing a bid in the Army. Pat has been doing quite a bit of fishing before taking off.

John Gorin and Carey Now made a trip to the Fair Grounds Saturday. Both returned home happy. The rigs would cooperate.

Pass Christian Inn was a busy place over the weekend. A goodly number of our local golf fans toured the course. Among those who play there are John Gorin, John Stoddard, Sr. and Jr., Eric Griffin, Bud Phillips, Sydney Pringle, Dick Mortimer, Eddie Blachard, Regis Elliott, Ted Reinde, and many others. The course is in good shape and improving right along. You can play golf when other sports are out.

B. L. Jones says to leave to fish but in too busy right now. B. L. is a expert fisherman and a good one. Not bad.

MR. ANTOINE BENTLEY AND SON, JETHRO ACCEPT DELIVERY OF MR. BENTLEY'S DEPENDABLE USED CAR FROM HANK SOULIE, LAMAR-LANE CHEVROLET SALES-MAN.

Mr. Antoine Bentley of Kilm, Miss., is retired and was interested in buying a late model car. Many of his friends suggested that he give the folks at Lamar-Lane a visit as they have a wide selection of late model used cars to choose from and give their customers a good deal. At Lamar-Lane Mr. Bentley was greeted by salesman Hank Soulie. Mr. Bentley was very much impressed with the way he was treated by Hank and the professional way he handled the transaction. Hank gave Mr. Bentley a Lamar-Lane price on a late model used car that was a money saver and Mr. Bentley was happy that he visited Lamar-Lane Chevrolet for his car. Mr. Bentley wants to recommend Lamar-Lane Chevrolet and Hank Soulie to all of his friends interested in buying a new or used car or truck. Visit Lamar-Lane Chevrolet and ask for Hank Soulie, he could save you many dollars.

## Recker Donated To Hancock Hospital

Mrs. Mildred Meeks recently donated a very comfortable rocking chair to the Hancock General Hospital for use by the elderly patients who are said to enjoy rocking during recovery periods. Mrs. Meeks said the chair was given in memory of her son, Miss Lillian Meeks, who prior to her death was a patient in Hancock General and who had received excellent nursing care while in that facility.
